

The standard capacities, diameters and lengths for our robust GRP tanks, are shown in the table below.

Capacity (litres)	Tank diameter (m)						
	1.0	1.2	1.5	1.8	2.5	3.0	4.0
1,000	1.440						
1,500	2.020	1.527					
2,000	2.636	1.970					
3,000	3.986	2.853					
3,500	4.623	3.295					
4,000	5.259	3.737	2.510				
5,000	6.533	4.620	3.070				
6,000	7.806	5.506	3.636				
7,000	9.079	6.389	4.202				
8,000	10.352	7.275	4.768				
10,000		9.040	5.900	4.285			
12,000		10.811	7.030	5.016			
14,000			8.163	5.800			
17,000			9.861	6.980	3.928		
18,000			10.427	7.374	4.118		
20,000			11.558	8.160	4.525		
22,000				8.945	4.910		
24,000				9.732	5.320		
25,000				10.125	5.544		
27,000				10.910	5.950		
30,000				12.088	6.560		
33,000				13.268	7.170		
36,000				14.447	7.784		
40,000					8.598	6.159	
42,000					9.000	6.442	
45,000					9.616	6.870	
50,000					10.636	7.574	
54,000					11.450	8.140	
60,000					12.670	8.988	
65,000					13.660	9.696	
67,000					14.106	9.979	
70,000					14.710	10.403	
75,000					15.730	11.103	
77,000					16.140	11.393	
80,000					16.730	11.810	
84,000					17.560	12.384	
90,000						13.230	7.849
95,000						14.100	8.247
100,000						14.650	8.645
110,000						16.060	9.440
120,000						17.480	10.236
130,000						18.891	11.030
135,000						19.599	11.430
140,000						20.306	11.828
150,000						21.721	12.624
160,000							13.419
170,000							14.215
180,000							15.011
190,000							15.786
200,000							16.602
210,000							17.398
215,000							17.796
220,000							18.194
230,000							18.990
240,000							19.786
250,000							20.581
260,000							21.377
270,000							22.173
280,000							22.968
290,000							23.763
300,000							24.558
310,000							25.353

The dimensions above illustrate our GRP tank lengths in meters.
 Bespoke tank sizes are also available upon request, contact us to find out more.
